

## *America Dancing*

Black and white  
White and black  
Two steps forward  
One step back  
Circle round and do-si-do  
Let's all join hands.

Daily, let the dance begin  
Black and white, white and black  
We move together, we all win  
Two steps forward, one step back

Swing your partner, allemande right  
Black and white, white and black  
In and out of rainbow light  
Two steps forward, one step back

Play, O Fiddler, wild and sweet  
Black and white, white and black  
And we'll be dancin' in the street  
Two steps forward, one step back.

Black and white  
White and black  
Forward, forward  
No more back  
Circle round and do-si-do  
Let's all join hands.
